o **Problem-Solving:** Excellent problem-solving skills with a proactive approach to learning new technologies.

Work Experience

Angular Developer
PNS Infotech Pvt. Ltd. , Ahmednagar   **November 2022 – Till Date**

Responsibilities:
o Proficient in developing complex applications using Angular 2+ framework, with a strong understanding of Angular CLI, components, modules, services, and dependency injection.
o Advanced skills in Typescript and JavaScript, including ES6+ features, for building robust and maintainable code.
o Experience in integrating front-end applications with RESTful APIs to facilitate seamless data exchange.
o Proficient in using Git for version control, including branching, merging, and pull requests.
o Proven ability to design, develop, and maintain efficient, user-friendly applications focused on performance and scalability.

Achievements:
o Implemented performance optimization techniques such as lazy loading and code splitting, resulting in a 50% decrease in application load time.
o Designed and developed a responsive and intuitive user interface for a key project, increasing user satisfaction scores by 25%.
o Developed and integrated RESTful APIs with the front-end, enhancing data exchange efficiency and reducing API response times by 35%.

Academic Projects : For More Project

Nexlevel Pay
Tools: Angular, Typescript
Roles: Frontend web application, Deployment
• Initiated requirement gathering sessions and facilitated reviews throughout the project lifecycle.
• Integrated third-party payment APIs, enabling smooth and secure transactions for users and businesses.

ATKPay
Tools: Angular, Typescript
Roles: Frontend web application, Deployment
• Optimized the Angular application for better performance, resulting in faster load times and improved user engagement.
• Created a comprehensive admin panel for managing users, transactions, and system settings, providing administrators with powerful tools to oversee the platform.
